## My Learning Plan

Logged by Jane Smith

#	Identified Learning Needs	Identified Learning Activity	Anticipated Effect On My Practice	Date
1	For example: Understand the causes of stroke and update my knowledge on current screening tools.	Understanding Stroke and Head Injury and Effective Screening one day workshop	Effectively use validated screening tool to assist in developing a treatment plan for clients	22 Oct 2014
<b>The effect this learning activity has had on my practice:</b> I have been able to effectively implement the new screening tool and provided an in-house training session to other team members. The tool is assisting in the development of targeted treatment plans.				
2	For example: Refresh my knowledge of standard precautions and apply them diligently in practice	Infection control module on hand washing and PPE	Apply standard precautions in all areas of practice	14 Oct 2014
<b>The effect this learning activity has had on my practice:</b> The module provided a good reminder of when to hand wash and updated my knowledge of the circumstances in which I can and cannot use alcohol based hand rubs. In practice I now feel more secure in using alcohol based hand rubs in day-to-day practice.				
3	For example: Understand my obligations under the National Law to report certain conduct of registered practitioners.	Do the module 'Mandatory Reporting: Self, Colleagues and the National Law'	Understand what conduct requires a mandatory notification to AHPRA.	18 Jul 2013
<b>The effect this learning activity has had on my practice:</b> I am able to identify conduct that requires a report to AHPRA.
